IT TALENT
ON DEMAND

Finding an IT professional with the perfect skill sets to complete a project or initiative can feel like a needle-in-a-haystack proposition. Now throw in a tight deadline and the lowest unemployment rate in years, and that needle seems microscopic. For over twenty years, some of the largest, most noteworthy companies and service providers in the United States have turned to GDT to augment their IT departments.

GDT'S IT STAFFING SOLUTIONS ADD VALUE

GDT's IT Staffing Solutions professionals not only find the right IT professional—they help customers enjoy:

GREATER FLEXIBILITY

GDT's staffing professionals help IT departments address the never-ending need to quickly adapt to change and evolve to meet current business needs.

COST EFFECTIVENESS

GDT's staffing professionals can reduce the costs and hassles associated with on-boarding IT professionals full-time to focus on a particular project.

THE RIGHT PERSONNEL

GDT's staffing experts can uncover the right IT personnel quickly, without having to focus on filling positions in finance, marketing, HR and sales, to name a few.

GDT's Staffing Solutions provides professionals who, through empirical experience, education and applicable, technical certifications, can hit the ground running and make an immediate impact. Their practice is comprised of recruiting and staffing professionals equipped with the expertise and experience that comes from years of placing the right candidates into the right positions. By combining their IT experience and a vast network of engineering and technical professionals, customers can better meet deadlines, go to market faster, and remain focused on the key initiatives that will help shape their organization's future.

FOCUSING ON THE MUCH NEEDED, OFTEN OVERLOOKED SOFT SKILLS

GDT's team of staffing professionals conduct thorough interviews with customers' key stakeholders to fully understand the specific needs and expectations of their new personnel. And, they make sure they understand the soft skills that, while overlooked by many, are an important element of their staffing arsenal. They understand the need to look beyond the resume and ensure candidates' professional philosophies and work ethic perfectly mesh with not only the company, but with the department for which they'll be working.
