

INTEGRATION & CONFIGURATION SOLUTIONS

The GDT Integration and Configuration Centers are fully equipped, multi-vendor technology facilities that provide comprehensive engineering support, a wide array of technological solutions, and offer the IT industry's preeminent staging, custom-packaging and shipping services. By spanning the full spectrum of customer and product lifecycles, GDT's Integration and Configuration Centers provide customers the peace of mind from knowing they'll receive the highest values possible from their technological purchases.

GDT's highly-certified Service Delivery Engineers and Solutions Architects provide customers with a high-touch, white glove approach that reduces the costs, risks, headaches and complexities of network deployments. They're experts in the delivery of full service, turnkey IT solutions.

GDT'S INTEGRATION CENTER

GDT's 1,530,000 cu. ft. Integration Center is one of the many jewels at GDT's Innovation Campus. This LEED gold-certified, highly secure, access- and climate-controlled facility is equipped with fire, intrusion and environmental alarms, and has security on-site 24x7x365. It's remotely accessible to customers via VPN connectivity.

COMPREHENSIVE LOGISTIC SOLUTIONS

GDT's Integration Center provides national and international shipping and tracking services, and offers professional packing options, such as bracing, shock pallets, and anti-static packing materials. They're also equipped to provide:

- Kitting
- Custom Labeling
- Asset Tagging
- Rack/Stack and Roll
- Physical hardware configuration
- Device Burn-In
- Software/Firmware Upgrades
- Device hardening configuration
- RMA/DOA processing with OEMs
- Quality Inspection
- Cloud-Based Devices

The GDT Integration and Configuration Centers provide staging, testing and end-to-end validation for all GDT technological solutions. The Service Delivery Engineers and Solutions Architects take the guess work out of IT deployments by eliminating variables and reducing risk, which greatly accelerates deployment times. By carefully understanding each customer's specific requirements, GDT's integration and configuration professionals reduce on-site diagnostics and shorten turn-up times of the most complex IT projects.

WHY GDT?

Founded in 1996, GDT is an award-winning, technology integration partner. GDT specializes in designing, building, and delivering best-of-breed technology solutions for service providers, enterprise networks, data centers, and more.

1B+ ANNUAL SALES

850+ ASSOCIATES
