Asset Management Platform

Is your organization facing any of these **IT ASSET MANAGEMENT CHALLENGES?**

- Contract, asset and software licensing issues
- Enterprise Agreement management struggles
- Wasted time and resources
- Lack of visibility into software and hardware assets

YOUR **NEXT** GENERATION ITAM **SOLUTION**

GDTamp powered by RAY ALLEN Inc provides a single pane of glass to view your software subscriptions, enterprise agreements, and hardware maintenance contracts. An asset baseline is initially established by reconciling client / OEM / provider data sources and maintained going forward with processes and continual data validation. The resulting unified source of truth is the foundation.
