

CLOUD FINOPS ASSESSMENT

Maturing the financial management of your cloud

A GDT FinOps Assessment helps your organization maximize cloud investments by providing a current state of your FinOps capability maturity model. A GDT FinOps Assessment will also enable a future state roadmap on how to ramp your maturity and excel in cloud financial optimization.

The scope includes the following dimensions:

- **Cost Allocation**
- **Data Analysis / Show Back**
- **Anomalies**
- **Shared Cost**
- **Forecasting considering:**
 - Knowledge
 - Process
 - Metrics
 - Adoption
 - Automation

"FinOps is an evolving cloud financial management discipline and cultural practice that enables organizations to get maximum business value by helping engineering, finance, technology, and business teams to collaborate on data-driven spending decisions." FinOps.org Foundation
