

# GDT GLOBAL IT ASSET DISPOSITION PROGRAM

## Secure Global IT Asset Disposition Made Easy

GDT makes global IT asset disposition (ITAD) simple, seamless, and secure, so you can focus on what's important. GDT cuts through the red tape of individual quotes and proposals to expedite the secure disposal of retired and unused IT assets whenever and wherever you need it.

## Gartner-Approved, Backed by Industry Expertise & Certifications

As a Gartner-profiled ITAD solution provider, our all-inclusive, global program includes full decommissioning and ensures the highest recoverable value for end-of-life assets. Our established pricing model means no surprise charges. Plus, we offer location-based invoicing for individual site bill-back.

## How It Works

Once you're set up in our system, ITAD is quick and easy:

1. Submit an online ITAD request.
2. Sign the SOW.
3. GDT takes care of the rest.

## Comprehensive, Secure ITAD Services

- IT asset pickup and drop-off
- Inventory auditing
- Data erasure and destruction
- Asset remarketing and recycling
- Inventory reporting

## Multiple Options for Asset Recovery Proceeds

- Receive cash provided from equipment buyback.
- Apply engagement proceeds toward service costs.
- Use asset recovery credits for other GDT projects and programs.

## Dedicated Program Management

- 24x7x365 project management.
- Established operating, reporting, and escalation management procedures.
- Quarterly business reviews and equipment buy-back funds dispersal.

## Brand Reputation Protection

- Brand protection and compliance.
- Certificates of destruction provided for on-site and off-site data destruction and erasure.
- ISO 14001:2015, R2 Rev. 7/2013, ISO 45001:2018 and ISO 9001:2015 Certified.
